1 Training requirements per service area

General

This document contains VSN's compiled training requirements for suppliers and contractors, divided by service area. If a service area is missing when an agreement is to be signed, a separate training requirement list must be created. If necessary, it must be possible to present a training certificate.

1.1 Mandatory training for all subcontractors and assignments

- VSN Basic HSSEQ Training for Subcontractors
- Undergone the necessary ESA training for the assignment
- First Aid (CPR)

1.2 Electrical subcontractors

1.2.1 Statutory training

All statutory training courses for the assignment concerned

1.2.2 Training courses for the performance of the assignment, e.g.

All necessary training courses for the assignment in question, e.g.

- AMS Low Voltage
- Full driving licence (B licence)
- ESA Skilled, according to latest version
- Upper secondary electrical education
- Hot work
- Rescuing people in need of assistance
- Work on Roads
- CPR and first aid for electrical injury

1.3 Machine subcontractors

1.3.1 Statutory training

All statutory training courses for the assignment concerned

1.3.2 Training courses for the performance of the assignment, e.g.

All necessary training courses for the assignment in question, e.g.

- Full driving licence (B licence)
- ESA Instructed person, according to latest version
- CPR
- Requirements for cable laying KRAV 05:17
- KJ41 (cable laying)
- Machine operator certification
- Rescuing people in need of assistance
- Safety on the road

1.4 Mechanical subcontractors

1.4.1 Statutory training

All statutory training courses for the assignment concerned

1.4.2 Training courses for the performance of the assignment, e.g.

All necessary training courses for the assignment in question, e.g.

- Hot Work
- Full driving licence (B licence)
- Overhead crane
- Forklift B
- SSG
- ESA Instructed person, according to latest version

1.5 Forestry subcontractor

1.5.1 Statutory training

All statutory training courses for the assignment concerned

1.5.2 Training courses for the performance of the assignment, e.g.
